## Workshop and Digital Festival, March 27 & 28

Mark your calendar for the 9th annual **large-format digital printing** event in Bellevue, WA. PDF attached. You can attend either the **Workshop** or **Festival**, or both. RSVP any time - tel 425.643.7323, email [johnjvhtech@gmail.com](mailto:johnjvhtech@gmail.com) or online at <http://jvhtech.com/festival.php>

This educational event will enhance your **technical** knowledge and help you **grow** a business using large-format printers. Rub elbows with tech gurus, experienced service bureaus, printmakers, high-end photographers, fine artists, and industry experts.

The **Workshop** on **Wednesday, March 27** covers large-format printing, workflow, media, applications, and finishing. Are you getting the best out of your printer truly expressing **your artistic vision**? Join **Mac Holbert** in a great one day workshop. Let one of the nation's most respected printmakers

provide clarity, exploring the latest developments in fine-art digital printmaking.

The **Festival** is **Thursday, March 28**. This fun educational event is **free**. Learn about large-format digital printing, RIP/printing software, profiles/color management, canvas stretching, print finishing, plus how to **market your art**.

At the Festival, we will also be holding the 9th annual **Digital Print Contest**. This fun and inspiring event shows off our customers' impressive work. Check out previous year winning prints at: <http://jvhtech.com/winners8.php>

## Epson S50 and S70 S-Series 64" Printers

The S30 solvent printers are working well. The new S50 and S70 64" models are available in February in combinations of 5, 8, or 10 color incl **white** and **silver**. We are now penciling in S70 preorders.

## Epson T-Series Engineering/Scientific Printers

**Wow!** These great new printers offer the **highest speed, best image quality,** and **lowest ink cost**. Produce a stunning D-size drawing in **one minute**. Check out [http://jvhtech.com/JVH\\_Info/Epson%20T-Series\\_Product%20Review.pdf](http://jvhtech.com/JVH_Info/Epson%20T-Series_Product%20Review.pdf) Call JVH for complete info on the new Epson T-Series.

## Green Media for Solvent Printers

We have some great new **FSC Certified** green media. It is made from sustainable **renewable** resources and is **recyclable**. It has great image quality, low price, and many wallcoverings and other variations.

## New Epson Dye Sublimation Printers

Epson has announced the introduction of two new large-format roll-fed dye sublimation printers. Please call JVH to discuss details of your dye sub applications.

Providing highest quality output on all leading transfer papers, the new printers are the first in this sector in which **every component**, from **ink** and **printhead**, to printer **chassis** and optional **accessories**, are all designed and manufactured by **one** company . . . **Epson**. This ensures that quality, performance, reliability, and **servicability** are all optimized for maximum productive uptime and profit, and low total cost of ownership.

New inks produce outstanding images with **vibrant colours, intense blacks, sharp contours** and **smooth gradations**.

The easy-to-use printers have been developed for the efficient production of quality soft signage, sportswear, apparel, accessories, customised promotional items and decorated gadgets. Call for info.
