## New Epson Leasing Program

Epson's new program has made it easy to **free up cash** to run your business, while enabling your getting hold of the latest technology printers to **expand** and capitalize on the market opportunities out there. Minimum lease is **\$20,000**, which can include hardware, software, options, ink and media supplies. Here are the details:

- ◆ Easy credit approval terms
  - In business at least three years
  - Minimum FICO score of 675
- ◆ Quick and easy application process
- ◆ Same day credit approval
- ◆ Rates as low as 8.8%
- ◆ Financing terms of 24, 36, 48, or 60 months
- ◆ Benefit from latest gvt tax savings programs

## New Appliqué Digital Wallpaper

This new media really caught our eye. It is a **self-adhesive, water-resistant**, vinyl mural material designed to produce photo quality results on Epson, Canon, and HP wide format inkjet printers. It has a light-duty adhesive so it is **easily repositioned** and removed. It has a **canvas-like texture** which looks and feels very artsy. The image quality is outstanding. And unlike other materials, it is very **opaque** so the background does not show through.

Applications abound. It is ideal for **custom wall covering, artistic murals**, or photos **applied directly** to walls. It may be top coated with a water-based protective coating before or after hanging. We will be getting some **samples** in. Please let us know if you want to get your hands on some of this cool material.

## New EFI/Epson Proofing Solution
