Epson 3800 Printer Special

You can get the \$1,295. printer for **\$895.** This is an excellent promotion on the industry leading Epson 3800 sheet-feed printer. If you are new to professional printing, it is a **best-buy** entry level printer to get started with. If you already have a 24" or 44" roll feed printer, the 3800 is a perfect companion to do all your volume **sheet** printing. The Epson rebate mail-in coupon and details are on www.jvhtech.com

Buy a **SP3800** 17"-wide printer
and get a **\$300** rebate by mail
plus
an instant **\$100** rebate from JVH
- valid from August 1 to 31 -

Digital Festival set for Friday Nov 6, 2009

This annual **large-format digital printing** event will again be held again at the Embassy Suites in Bellevue, WA. Learn about RIP software, Photoshop tips-and-tricks, color management, profiles, high-end scanning, print finishing, and new applications for new media. You will also hear about new marketing strategies to enhance customer service and **increase business.**

Soak up the latest info from **Hasselblad, ColorByte, Onyx, Epson, Seal, Adobe** and large-format media suppliers.

The Festival is **educational, fun, and free.** The agenda will be available in September. It's OK to RSVP any time - just call Kathy, Ryan, or John at 425.643.7323 or email us.

At the Festival, we will also be holding the **6th Annual Digital Print Contest.** This fun event shows off many of our customers' intriguing photography/artwork. There will be three separate entry categories - Landscape/Nature, People/Portrait, and Fine Art. We are simplifying this year and are allowing one print per entrant. The contest rules will be posted on www.jvhtech.com

Mark your calendar for **Friday, Nov 6.** Meanwhile, please give us a call if you have any questions about the Festival or Contest.

Get Your Epson Printer Humming

A number of our customers have been able to eliminate **banding** in their prints, ink **smudges**, paper **feed problems**, worrisome **error messages**, and more. We are more than happy to help printer users who are experiencing problems -- just give us a call. It doesn't matter whether you bought the printer from us. While some problems do require onsite authorized Epson service, many issues can be fixed **over the phone.**

ColorByte releasing ImagePrint version 8

ColorByte is releasing version 8.0 of ImagePrint this week. It has been a long wait, but 8.0 is well worth it with many new workflow features and industry leading image quality. ColorByte says the 8.0 drivers for the Epson 7900 & 9900 will be available in early September.

New Epson CrystalClear™ Film

Epson has announced the immediate availability of CrystalClear™ Film. This **optically clear** polyester film provides the highest image quality, performance and accuracy required for **clear overlay** and **color key proofing** applications. It also has **signage** applications.

As an ideal component for the Epson 7900/9900 Proofing Edition printers, this media provides a quick drying, smooth surface finish with sharpness and precision. Available in 17", 24", and 44" x 100' rolls and in stock at JVH.

New Standard Proofing Paper SWOP3

The launch of Epson Standard Proofing Paper SWOP3 Epson has also been announced. With a semimatte surface finish and neutral tint base, this media meets the requirements of a true SWOP3 application. Its medium weight and wide color gamut makes it a perfect choice for commercial proofing.

Optimized for Epson UltraChrome™ K3 Ink and HDR Ink, the paper delivers outstanding accuracy and stability, and has been officially certified in the SWOP3 category by the IDEAlliance® for the Epson Stylus Pro 7900/9900 printers.

The roll media is available in 17", 24" and 44" x 100' rolls and will be in stock at JVH end of this month.

Hasselblad Scanner Trade-in/Trade-up

Effective Aug 1 – Sept 30, endusers will receive **\$3,000** off the price of a new Flextight X5 scanner and **\$2,500** off a new Flextight X1 when they trade in their old scanner, regardless of make or model. The Hasselblad (Imacon) film scanners are the **best in the world** - - maybe a good time to upgrade.

Ryan is tying the knot

Our son Ryan, who many of you know in the JVH Technical business, is getting married this Saturday at our home. We are thrilled, and wish Ryan and Shannon all the best for a happy life together.
