## Epson Printer FAQ's

Epson has considerable information on its website on how to operate your printer. Go to [www.epson.com/USA/Drivers & Support/Printers/your model/FAQ's](http://www.epson.com/USA/Drivers&Support/Printers/your%20model/FAQ's). Also do not hesitate to call JVH or Epson to help you solve a problem.

## Epson Gemini<sup>2</sup> Portrait Printing System

This new *turnkey* solution from Epson is now available. It enables those in the business of *portrait photography* to *maximize profits*. Using the latest Epson 4000 printer engines, the new Gemini<sup>2</sup> system allows businesses to have *much more control* over what they do. Benefits include:

- Control the time it takes to deliver finished portraits to your customers
- Reduce dependence upon traditional color lab processing
- Produce the highest-quality prints in the industry on a variety of media
- Maximize your profitability
- Dramatically enhance your services

If you are interested in more info, please call John at 425.643.7323 or email us.

## New Imacon FlexTight Roll Film Scanner

Imacon has just introduced a high-end scanner solution that embraces the *entire photolab workflow* with *image quality* and *speed* that beats any other scanner:

- High speed scanning-up to *200 Mb/min*
- Extremely high *4.9 D-max density range* and high scanning resolution
- Scan 135 and 120 film in single cuts, strips and rolls.

Directly from the scanner workstation, you can create *customized output* for virtually any device, and in a *quality* that no one else can match. This *multipurpose* scanner let's you make contact sheets, postcards, match prints, posters, and industry best scan files.

## Moab Fine Art Papers

We are now stocking a variety of double-sided, high color gamut, water-resistant Moab 190 and 300gm papers. For free samples, profiles, or more info, contact JVH.

## No Sales Tax in the State of Washington

Just a reminder . . . if you are producing saleable output from a printer, you pay *no* Washington State sales tax on *any* equipment related to this "manufacturing" process. We have a *written ruling* if you would like a copy. Let us know if you want the state exemption form, which you can also use with other vendors selling you related hardware, software, or supplies. Similar rulings likely exist in other states.
