Inventory Classification System Key

"@" - 100% in stock guarantee.

"A" – We have finished rolls on the shelves and carry large safety stocks. Our stock of these items can generally be replenished within 24 hours and when these items are replenished, we put large amounts of stock on the shelf.

"B" – Depending on the product, we may or may not have finished rolls on the shelf or safety stocks in place. Call for availability.

"C" - These products are made to order.

* @ABC Class is subject to change without notice.

Wide Format Laminators

Image 80 Pro	The SEAL Image 80 Pro is an 80" wide, mono-directional machine compatible with all cold/hot film and substrate applications up to 80" wide and a thickness of 1.5". Built on the very successful 62 Pro design platform, the 80 Pro offers fully adjustable temperature, speed and pressure settings and is ideal for the more experienced finisher requiring a highly versatile laminator.
64241	SEAL 80 Pro - 230VAC, ±10%, 39 Amps, 50/60Hz, 1 Phase, NEMA 6-50 29,338.00
Image 600md Laminator	The Image 600md is ideal for the professional production finisher who requires the flexibility and efficiency of bi-directional processing. This high-speed, dual heated laminator is capable of processing materials up to 61" wide and a thickness of 1".
63600	Image 600md 208- 230VAC, 36 Amps, 50/60Hz, 1 Phase, NEMA 6-50 28,870.00
5550	Optional 2nd rear take up system (factory upgrade) Call for current pricing.
5551	Optional 2nd rear take up system (field upgrade) Call for current pricing.
SEAL 62 Pro D Laminator	The SEAL 62 Pro D features the latest technology and ergonomics. Positioned for production, the 62 Pro D offers dual heated rollers, five un-wind/take up shafts and a revolutionary film saving flip up pull roll system. The 62 Pro is ideal for all hot/cold applications using materials up to 61" wide & 1.5" thick, including high speed, single pass encapsulation up to 10 mil over 10 mil.
64138	SEAL 62 Pro D - 230VAC, 35 Amps, 50/60Hz, 1 Phase, NEMA 6-50 20,339.00
64299	* Productivity Package - includes hi-tech Easy In-Feed Table, out-feed slitters & fans 4,235.00
63297	* Options Package - Easy In-Feed Table (factory installed) 2,963.00
	* Additional installation fee may apply if done as field upgrade
SEAL 62 Pro S Laminator	The SEAL 62 Pro S features the same advanced lamination technologies of the Pro D, but without the bottom heater or flip up pull roller. Positioned for value, the Pro S offers four un-wind/take up shafts, swing out supply shafts and a slightly shorter cabinet design. The 62 Pro S is ideal for all hot/cold applications using materials up to 61" wide & 1.5" thick, including single pass encapsulation up to 5 mil over 5 mil. Thicker films require 2 pass lamination.
64296	SEAL 62 Pro S - 230VAC, 16 Amps, 50/60Hz, 1 Phase, NEMA 6-20 16,239.00
63298	*Options Package - Easy In-feed Table 2,795.00
	*Additional installation fee may apply if done as field upgrade
SEAL 62 Pro C Laminator	The SEAL 62 Pro C features the same advanced lamination technologies of the Pro D and S, but without heated rollers or flip up pull rollers. Positioned for even greater value, the Pro C offers four un-wind/take up shafts, swing out supply shafts and the same cabinet design as the Pro S. The 62 Pro C is ideal for all cold applications using materials up to 61" wide & 1.5" thick, including single pass encapsulation.
64295	SEAL 62 Pro C - 115VAC, 4 Amps, 50/60Hz, 1 Phase, NEMA 5-15 14,200.00
63299	*Options Package - Easy In-feed Table (factory installed) 2,795.00
	*Additional installation fee may apply if done as field upgrade
Image 62 Plus Laminator	The SEAL Image 62 Plus is the easiest, fully automated dual roll heated laminator on the market with quartz heaters for quick heat up/recovery, automatic nip pressure and pre-set speed/heat settings. Ideal for mounting, laminating and encapsulating images up to 61" wide and 1" thick.
60265	Image 62 Plus - 230VAC, 32 Amps, 50/60Hz, 1 Phase, NEMA 6-50 14,436.00
60147	* Roll to roll option kit includes: unwind easel and motor driven take-up assembly 1,631.00
SP136214	Unwind easel only, mounts to front table 370.00
	*Additional installation fee may apply if done as field upgrade

	Item #	Description	List Price \$
SEAL 62 Ultra Plus Laminator		The SEAL 62 Ultra Plus will mount and laminate prints up to 61" wide. Its features include a compact design, single control knob for selecting substrate thickness to 1/2" and speeds to 5ft/min. In addition, it offers pre-set temperature controls and pull rollers for single pass encapsulation to 5 mil over 5 mil films.	
	63064	SEAL 62 Ultra Plus - 230VAC, 13 Amps, 50/60Hz, 1 Phase, NEMA 6-20	9,409.00
SEAL 62 Ultra S Plus Laminator		The SEAL 62 Ultra S Plus will mount and laminate prints up to 61" wide. Its features include a compact design, single control knob for selecting substrate thickness to 1/2" and speeds to 5 ft/min.	
	63065	SEAL 62 Ultra - 230VAC, 13 Amp, 50/60Hz, 1 Phase, NEMA 6-20	8,155.00
SEAL 62 Ultra C Plus Laminator		The SEAL 62 Ultra C Plus will mount and laminate prints up to 61" wide. Its features include a compact design, single control knob for selecting substrate thickness to 1/2" and speeds to 10 ft/min.	
	63066	SEAL 62 Ultra - 115VAC, 1 Amp, 50/60Hz, 1 Phase, NEMA 5-15	7,135.00
SEAL 62 Base Laminator		The SEAL 62 Base will mount and laminate prints up to 61" wide. Its feature include a heat assisted top roller, a 2" nip opening, a manual nip adjustment for precise operation and 16.4ft/min speed capabilities.	
	64338	SEAL 62 Base - 115VAC, 16 Amps, 50/60/Hz, 1 Phase, NEMA 5-20	10,046.00
	64610	Lower release liner take-up option	305.00
	64611	Roll-to-roll Option	1,733.00
SEAL 54 Base Laminator		The SEAL 54 Base will mount and laminate prints up to 55" wide. Its feature include a heat assisted top roller, a 2" nip opening, a manual nip adjustment for precise operation and 16.4ft/min speed capabilities.	
	64341	SEAL 54 Base - 115VAC, 15 Amps, 50/60/Hz, 1 Phase, NEMA 5-20	9,484.00
SEAL 44 Ultra Plus Laminator		Compact and easy to use, the SEAL 44 Ultra Plus is an ideal first laminator for anyone new to image finishing or as a complementary machine to dedicate to a specific application. It is capable of processing materials up to 43" wide and 1/2" thick.	
	63068	SEAL 44 Ultra Plus - 115 VAC, 50/60Hz, 16 amps , 1 Phase, NEMA 5-20	7,945.00
SEAL 44 Ultra S Plus Laminator		Compact and easy to use, the SEAL 44 Ultra S Plus is an ideal first laminator for anyone new to image finishing or as a complementary machine to dedicate to a specific application. It is capable of processing materials up to 43" wide and 1/2" thick.	
	63069	SEAL 44 Ultra Plus S - 115 VAC, 50/60Hz, 16 amps , 1 Phase, NEMA 5 - 20	6,794.00

Pouch Laminators

	Item #	Description	List Price \$
ProSEAL Pouch Laminators		The ProSEAL laminating system offers a low-cost, one-step method of mounting and laminating digital images. Designed for use with ProSEAL Laminating and Mounting Pouch Boards, Flexible Laminating Pouches, Mounting Boards and Mounting Pouches to create rigid or flexible graphics.	
	63071	ProSEAL 44 - 115VAC, 60Hz, 12 Amps, 1 Phase, NEMA 5-15	2,495.00

Wide Format Laminator Accessories

Image Roll Cleaner	A non-toxic rubber cleaning block for removing adhesive residue from SEAL laminator rollers.	
	960 4" length	Call for current pricing.
Extended Warranty	SEAL Extended Warranty kicks in when the market-leading standard SEAL warranty expires. It provides continuous coverage when mechanical parts occasionally must be replaced and gives you the optimum laminator performance your business needs. NOTE: Extended warranty packages must be purchased prior to the expiration of the original manufacturer warranty.	Call for current pricing.

Heat-Set Laminating Films

Item #	Description	A, B, C	List Price \$
All roll over-laminates, mounting adhesives and backing films are provided on a 3" core			
Print Guard UV	Print Guard UV is a family of laminating films that feature superb ultraviolet protection, low activation temperatures (185° F - 195° F) and an aggressive solvent acrylic adhesive. These films are ideal for use on a wide range of medias and display applications. Print Guard UV films can be applied with any SEAL multi-temperature roller laminator.		
Gloss	Provides a brilliant, high gloss finish for maximum visual impact. 2mil (1/1) polyester film.

Eco Mount			
SEAL Eco Mount is a water-based, polyacrylate, unsupported, pressure-sensitive adhesive that is both recyclable and environmentally degradable. With no carrier film, and a selective chemistry that offers optimum bonding performance while minimizing the impact on paper recycling streams, Eco Mount offers customers a mounting adhesive that can be recycled with corrugated and paper products. And because the cost of a carrier film is not a factor in its manufacturing, Eco Mount is very economical.

Digital Print Media for Water based Inks-Banner Fabrics

All Printex textiles are supplied on a 2" core.

Printex™ Easy Banner Light

This 4.9 oz (7.5 mil) polyester fabric base is coated with an inkjet surface coating that supports aqueous dye and pigment based inks. It offers excellent color reproduction and performance in hanging banner and roll up banner stands. It works best for light to medium duty, as well as in backlit applications. The edges can be cut without fraying, plus there is no edge curl.

Display Media for Solvent-based and UV-curable Inks

SolvoPrint™ Easy Panel 220

SolvoPrint Easy Panel 220 (8.66 mil) is for use with solvent, eco-solvent and UV inks. Easy Panel 220 is a rigid PVC media with a special inkjet coating to produce excellent print quality and strong color vibrancy. It has an opaque appearance, but is not completely light-blocking, and is also scratch and water resistant. Easy Panel 220 is an ideal choice for printing trade show graphics and is compatible with the Expolinc Roll-up Classic, Roll-up Professional and Pop-up display systems. Neschen recommends over-laminating this product for added durability and protection.

4001138	Roll Up BASIC	33.5"	84.6"	\$ 104.00

Golden Gate Fabric

Golden Gate is an 8 oz/yd2 polyester fabric coated with PVC that is perfect for making the transition from printing on PVC banners to a more sophisticated textile. It offers the look and feel of a textile with the printing ease of PVC. This rugged indoor or outdoor product has an anti-fungal treatment that is ideal for use in damp environments and longer-term outdoor signage. It is also NFPA 701 fire rated – making it ideal for store signage, roll up and screen displays, murals, trade show graphics and POP displays in any public area. Golden Gate fabric will reproduce brilliant colors with most solvent and eco-solvent printers in the market.

VersaFabric™

VersaFabric, a 7.1 oz/yd2, 100% polyester fabric with a specially coating, is one of the most versatile fabrics on the market today. It is perfect for both indoor and outdoor applications where color, wrinkle resistance and drape are important. VersaFabric provides sharp image reproduction and brilliant color finish for dramatic trade show roll-up, pop-up and soft image displays, store signage, murals, POP displays, tent sides and theatrical backdrops. Plus, its NFPA 701 fire rating allows it to be used in public areas. This fabric is performance designed for use with most solvent, eco-solvent and UV cure printers on the market.

Monet Canvas

Monet is a heavyweight 10 oz/yd2 coated canvas with a prominent tooth that is ideal for giclée art reproductions, as well as for eye-catching POP signage, trade show graphics and store signage. This strong, yet flexible, canvas features a uniform matte texture and its specialized coating allows for vibrant, photorealistic printing with a wide color gamut. Designed for use with most solvent, eco-solvent and UV printers on the market, Monet's tight weave also allows it to be used with vacuum-carried flat bed UV printers.

- Training is not included in the purchase price of our machines.
- Training includes but is not limited to instruction on the proper set-up of the laminator, its safety features and their operation, machine controls and their use, application training, cleaning and maintenance.
- Training does not include unloading, uncrating, or installation of laminator. The machine should already be installed with electrical service checked and live into the machine.
- The owner is responsible for providing all images, substrates, and additional laminates that are not provided with our training fee.
- The training appointment is made 7 - 14 business days after the customer takes delivery of the machine.

- Training is scheduled according to availability of training personnel, site location, the cost and availability of transportation to and from customer site and lodging.
- For expedited training, additional costs may be incurred due to travel availability.
- Fee schedule applies to the US 48 contiguous states only. Call Neschen Americas Technical Service department for quote on trainings outside of the US 48 contiguous states.
- Training fees for Out of Production machines will be billed at our Hourly Service Rates and will include a call charge and all travel expenses if needed.

Hourly Service Rates

Call Charge - includes first hour of ground travel	\$250.00
Labor rate per half hour	\$75.00
Travel rate per hour of driving	\$75.00

- Labor and travel rates apply Monday through Friday, 8:30 AM to 5:00 PM excluding holidays.
- Charges for service include the total time engaged in work and/or awaiting access to subject machine.
- Charges for travel include the total time traveling to and from the machine location.
- Labor and travel time is rounded up to the nearest half-hour.
- Travel expenses will be added on Non-Warranty field service calls.

Prices are in US currency.

Prices are subject to change.

Prices are effective as of 04/02/09.

Consumables Special Cut Policy

Consumables Special Cut Policy: Assorted items within our product range are available in custom cut sizes. Pricing schedule is as listed. For up to 14 original rolls to be slit: \$50.00 set-up fee + \$10.00 slitting fee per roll (up to three cuts allowed per roll). Occasionally special cut rolls will contain a splice.

- For quantities of 15 rolls and greater: All set-up and slitting fees are waived.
- You pay for full roll width even if the full roll is not used
- Lead time is 5-10 business days
- Roll quantities calculated based on original roll (i.e. 51" roll slit into two 25" rolls equals one roll)

Example 1

Order a 51" roll and have it cut into two 25" rolls the cost would be \$50.00 (for set-up) + \$10.00 (for slitting) = \$60.00 (i.e. 51" roll slit into two 25" rolls equals one roll)

Example 2

Order 2 rolls to be cut into 4 rolls the cost would be \$50.00 (for set-up) + \$20.00 (for slitting) = \$70.00

Textiles & PVC Special Cut Policy

Textiles & PVC's: First cut is no charge. All subsequent cuts are \$10 each.

Terms and Conditions of Sale

Minimum annual volume to maintain an open commercial account is \$1500.00.

Prompt payment or freight allowance discounts do not apply to commercial mounting and laminating equipment.

Neschen reserves the right to make a claim to a 3rd party consumer for any uncollected amount not paid by the reseller.

All handling and processing of Neschen goods by a reseller shall always retain the Neschen and/or SEAL product name on all orders. If the reseller ships an order with other products belonging to different suppliers, Neschen shall retain co-ownership at a ratio of the invoice value of the Neschen/SEAL product to the total invoiced value of the shipment.

Neschen reserves the right of ownership in all goods until complete and final payment is made on the purchase price. Accordingly, you have granted us a security interest in all such goods under the Uniform Commercial Code.

Equipment Warranty: One Year Parts / Six Months Labor Limited Warranty*

Neschen Americas warrants to the original consumer purchaser that each new SEAL or Neschen brand equipment product which proves defective in materials or workmanship within the applicable warranty period will be repaired or, at our option, replaced without charge upon its return, postpaid, as outlined below. The applicable warranty shall be one year from date of purchase for parts, 6 months for labor and 6 months for rollers (rollers warranted against manufacturers defects) and applies only in respect to the uses for which the product was intended by Neschen Americas. "Original consumer purchaser" means the person who first purchased the product covered by this warranty other than for purpose of resale. Refurbished equipment carries a 90-day parts and labor limited warranty, excluding rollers. Neschen Americas' liability for breach of any warranty, expressed or implied, shall be limited to the repair or replacement at Neschen Americas' option of the defective item.

Neschen Americas shall not be liable for damages, including but not limited to incidental, consequential, indirect, punitive or special damages, arising out of or in connection with the use or performance of any SEAL or Neschen brand product. Any implied warranty shall be limited in duration to the duration of this warranty. Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation & exclusion may not apply to you.

Neschen Americas and its officers, directors, shareholders, principals, agents, representatives and affiliates shall not be liable for damages from mishandling and abuse in transit, in which case a claim should be filed with the carrier. This warranty does not cover any defect or malfunction due to or caused by unreasonable use or abuse, or failure to provide reasonable and necessary maintenance, which shall be determined by Neschen Americas in its sole discretion.

NESCHEN AMERICAS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THOSE OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE SEAL OR NESCHEN BRAND EQUIPMENT PRODUCT SOLD HEREUNDER.

Terms and Conditions of Sale

ProSEAL Warranty: One Year Parts / Six Months Roller Limited Warranty

Neschen Americas warrants to the original consumer purchaser that each new ProSEAL equipment product which proves defective in materials or workmanship within the applicable warranty period will be repaired or, at our option, replaced without charge upon its return, postpaid, as outlined below. The applicable warranty shall be one year from date of purchase for parts, 3 months for rollers (rollers warranted against manufactures defects). "Original consumer purchase" means the person who first purchased the product covered by this warranty other than for purpose of resale. Refurbished equipment carries a 90-day parts and labor limited warranty, excluding rollers. Neschen Americas' liability for breach of any warranty, expressed or implied, shall be limited to the repair or replacement at Neschen Americas' option of the defective item.

Neschen Americas and its officers, directors, shareholders, principals, agents, representatives and affiliates shall not be liable for damages, including but not limited to incidental, consequential, indirect, punitive or special damages, arising out of or in connection with the use or performance of any ProSEAL product. Any implied warranty shall be limited in duration to the duration of this warranty. Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitation & exclusion may not apply to you.

Neschen Americas is not responsible for damages from mishandling and abuse in transit, in which case a claim should be filed with the carrier. This warranty does not cover any defect or malfunction due to or caused by unreasonable use or abuse, or failure to provide reasonable and necessary maintenance, which shall be determined by Neschen Americas in its sole discretion.

NESCHEN AMERICAS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THOSE OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE PROSEAL EQUIPMENT PRODUCT SOLD HEREUNDER.

Equipment Repair: A product out of warranty in need of repair will be repaired in accordance with the approval repair system. Replacement parts carry a 90 day warranty. Contact Technical Support at 1-800-486-6502 for more information.

Spare Parts Support for Discontinued Machines:

Neschen Americas will provide spare parts support for our SEAL brand roller laminators and Neschen brand liquid coaters for a period of five (5) years after the last machine manufactured and shipped from our manufacturing location. Spare parts can be ordered through our Technical Service Department at 1-800-486-6502 press # 1. After the 5 year period, parts may still be available; however availability is not guaranteed

Consumables Warranty: Neschen Americas warrants to the original consumer purchaser that each new consumable product will perform materially up to published specification. Any products that are obsolete or are over one year old from the date of the dealer's invoice are not eligible for return or credit. Neschen Americas and its officers, directors, shareholders, principals, agents, representatives and affiliates shall not be liable for damages, including but not limited to incidental, consequential, indirect, punitive or special damages, arising out of or in connection with the use or performance of any consumable product. Some states do not allow limitations on the exclusion or limitation of incidental or consequential damages, so the above limitation & exclusion may not apply to you.

NESCHEN AMERICAS MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THOSE OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE, WITH RESPECT TO THE CONSUMABLE PRODUCT SOLD HEREUNDER.

100% Customer Satisfaction Guarantee Policy

In order to better serve our customers, we have established the following guidelines to facilitate the administration of our 100% Customer Satisfaction Guarantee for Consumables, Inkjet Media, Textiles and Liquids. All of the information needed for smooth RMA and credit transactions is detailed in this document.

Please note: products can be no more than one year beyond their production date (as indicated by their lot code which is designated on the roll of material) to be eligible for return within the guidelines stated below.

Remember that an RMA number must still be issued by our Customer Service department for any product being returned to Neschen Americas.

Satisfaction Guaranteed Return Types

Quality Defects

a. Maximum of two rolls of material with a value of \$2,500 or less

A credit will be issued to the customer within 48 hours of our receipt of a sample of the defective material.

b. Three or more rolls of material or an order value of greater than \$2,500

We will provide the customer with a course of action based on the following two scenarios within 48 hours of our receipt of the defective sample.

1. Destroy in field – Customer will be asked to dispose of the defective material and a credit will be processed at the time of communication.
2. Rolls to be returned – This occurs when the entire lot of rolls needs to be returned to Neschen Americas for an evaluation of the defect. A credit will be issued to the customer within 48 hours of our receipt of the rolls.

Stock Rotation

a. Reseller Stock Rotation

A credit will be issued to the reseller within five business days of our receipt of the returned product. The product must fall within the detailed stock rotation guidelines noted below:

1. Stock rotations must be made within six months of the original purchase from Neschen Americas (a maximum of two stock rotations per year).
2. We ask that the reseller provide the lot codes for each roll being considered for stock rotation. These lot codes will be used to determine the roll's production date, which must be within one calendar year of the requested return. Any rolls produced outside of this one year time frame will not be considered for a stock rotation credit. Customer Service will communicate any discrepancies to the appropriate Neschen Americas Sales Representative, and Sales will communicate them to the Reseller.
3. A 20% restock fee will be applied to all stock rotation returns. A reseller placing an offsetting purchase order of equal or greater value than the stock rotation request will be exempt from this restock fee. The offsetting order must be placed at the same time the rotation request is made to qualify for exemption from the 20% restock fee.
4. The reseller requesting the stock rotation will be responsible for the returned product's freight costs. If products being returned as part of a stock rotation arrive at Neschen Americas with freight damage they will be refused at our dock upon attempted delivery.
5. A \$15.00 re-box fee will be applied to all rolls requiring repackaging for resale. We will notify the reseller within 48 hours of our receipt of the returned product of the total re-box fees that will be applied to their stock rotation credit.
6. Only SEAL or Neschen brand products will be considered for stock rotation returns. Equipment, Eco Board, private label items, special orders products, container orders, specialty products, special cuts, discontinued and obsolete items are not eligible for stock rotation returns. Please refer to the Neschen Americas Terms and Conditions of Sale page of your price book for information on our Equipment Warranty.
7. We will only issue credit for product that can be restocked and resold.

Freight Damage

a. Product value not exceeding \$2,500

1. We will ask the customer to provide us with digital photographs of the damage and we will issue a credit within 48 hours of our receipt of the pictures.

b. Product value exceeding \$2,500 and the product is received by the customer

1. We ask that the customer provide us with digital pictures of the damage and we will issue a credit within 48 hours of our receipt of the pictures.
2. The Neschen Americas Shipping Department will contact the appropriate carrier to set up a freight claim inspection.

c. Product value exceeding \$2,500 and the product is refused by the customer

1. The customer will be asked to provide a fax copy of the packing list refusal and a credit will be issued within 48 hours of our receipt of the fax.
2. Our Shipping Department will contact the appropriate carrier to set up a freight claim and arrange to have the damaged materials returned to Neschen Americas.
3. We will process a replacement order at the time of the customer's initial notification of the freight damaged order.

Please contact your Sales or Customer Service Representative if you have any questions about this policy.
